Wadia Institute of Himalayan Geology is an autonomous research organization of Department of Science and Technology, Govt. of India, undertaking advance level of research in all aspects of geology and geodynamics of the Himalaya. It has strong specialization in the areas of Petrology and Geochemistry, Structure and Tectonics, Sedimentology, Geomorphology, Paleoclimatology, Glaciology, Magnetostratigraphy, Biostratigraphy, Paleontology, Quaternary Geology, Environmental Geology, Seismology and Remote Sensing. The Institute also houses advance analytical laboratories. To encourage young students/researchers to make career in Earth Sciences, the Institute has doctoral program and offers Research Associateships to fresh Ph.D. students. To promote research in emerging areas of Earth Sciences, the institute also undertakes sponsored projects.

The Institute invites applications from eligible Indian citizens for the following positions:-
